

## About Us

Trendywebs is a team of young and aspirant web designers and programmers, we have the dedication and motivation to make it out big. Thought the learning process never ends but we are very well versed with the latest web designing techniques and languages. We are dealing mainly with open source technologies like Php/MySQL. We design customised websites for our clients custom needs. All our sites are W3C verified sites.

We started out 4 yrs ago as a group of freelancers and now we've a good reputation among US/UK based clients as a good company of webdevelopers and designers. We've been constantly learning and upgrading our skills. Our latest Technological upgrade being AJAX.Our Graphic Workshop Elite-GraphixShop. 15, Amba Complex,Chakrata Road,Delradun, Uttaranchal.Pin. 248001, India. This is another branch of our Team where we specialise only on Graphic Activities. Samples of work are available on request.
